Dear Soroptimist International of Sequim:

I am so very happy to say "Happy 75th Anniversary to the Soroptimist International Sequim"! What an amazing milestone and I'm proud to call you our partner!

Healthy Families of Clallam County (HFCC) celebrated 50 years in 2021 and SI Sequim has been a faithful supporter of this agency for over 30 of those years. HFCC serves all victims and survivors of domestic violence, sexual assault, and child abuse and neglect and you have been there standing with us. Your vision and mission to provide access to education and training to women and girls aligns so closely with HFCC's mission to empower "children, youth, adults and families to achieve their full potential, improve their physical, mental and emotional health and live free of violence and abuse".

One of the many programs HFCC offers is currently supported by your club's generosity. The financial literacy/empowerment education curriculum we facilitate will be starting up later this spring to summer-depending on the Covid schedule. Your club has generously donated to support the meals served during this educational series, including helping with the cooking of the meals! You have supported educational needs for clients along with basic needs for clients finding permanent housing. We are also grateful for your contributions to making Rose House, bridge housing, a cozy and safe home for women and girls.

Healthy Families looks forward to a long collaborative future with SI Sequim, working to assist in improving the health and lives of people in our community. Your work and dedication to the welfare of women and girls is not only appreciated, it is deeply imbedded in our community. Thank you for allowing me to be a part of your celebration and **HAPPY ANNIVERSARY!**

With Respect,

Becca Korby
