January 18, 2022

On behalf of the Dungeness Valley health and Wellness Clinic, I am pleased to offer continued support and congratulations to Soroptimist International of Sequim as it is celebrating its 75 Anniversary in May of this year. We are proud to participate as a community partner with this outstanding agency in providing access and resources to those in need.

Over the years Soroptimist has been viewed as an essential community partner and a positive influence in our area. Good deeds, community events and willingness to offer any support possible adds strength to other community and volunteer organizations.

While our focus is health care management and education, we believe these to be essential for achievement of economic empowerment as stated in its Mission. One of our primary goals is to support a healthy community. It really does "take a village".

Wishing you continued success for 75 more outstanding years.

Rose Gibbs
Clinic Director
